

Health Outcomes Improvement Fund (HOIF) 3.0 - Successful Grants

December 2023

The mission of the Maternal Newborn Child & Youth Strategic Clinical Network (MNCY SCN) is “to bring together people, evidence and data to achieve the best possible health outcomes for mothers, newborns, children and families within a sustainable, publicly funded health care system.” To facilitate this mission, AHS value-added funds were provided to be used for research and quality improvement (QI) projects to improve health and clinical care for mothers, infants, children, and youth. The grant process was managed by the MNCY SCN Scientific Office. Successful applicants were notified on December 8, 2023.
