

| Opportunities for patient and family advisors

# Calling patients and families with experience with respiratory services

The **Respiratory Health Strategic Clinical Network** is seeking Patient and Family Advisors to participate in volunteer advisor capacities such as working groups and other consultative processes.

## Who are we looking for?

Patients or family members with experience with respiratory services (e.g.: asthma, chronic obstructive pulmonary disease, obstructive sleep apnea) in Alberta who want to:

- Share their experience and insights
- Use their leadership skills and abilities
- Develop a broader view on health and healthcare
- Advise on ways the health care system can improve
- Apply an interest in Patient and Family Centred Care principles to respiratory services across Alberta

To apply, submit an online volunteer application through the Patient Engagement Collaborative at <http://bit.ly/AHSAdvisorOpportunities>

Contact Volunteer Resources at (855) 347-7616 or [PE.Volunteers@albertahealthservices.ca](mailto:PE.Volunteers@albertahealthservices.ca)
