

**Darren Freed**

MD PhD FRCSC

Associate Professor of Surgery, Physiology and  
Biomedical Engineering

**Clinical & Academic Offices:**  
Mazankowski Alberta Heart Institute

**Phone:**

780.407.1442

**E-mail:**

dhfreed@ualberta.ca

**Alternate Contact:**

Kristina Freed

**Phone:**

**E-mail:**

kfreed@ualberta.ca

**Professional Overview:**

Dr. Darren Freed is a native Albertan, recently relocated back to Edmonton from Winnipeg. He is a cardiac surgeon clinician-scientist with an interest in heart and lung failure and novel techniques to treat these conditions. His primary clinical interests are in cardiothoracic transplantation and mechanical circulatory assistance as well as less invasive cardiac surgery. His primary research interests are in ex vivo organ perfusion, heart transplantation, mechanical circulatory support and the biological basis of myocardial fibrosis. He obtained his MD from the University of Alberta in 1998 and completed his cardiac surgical training at the University of Manitoba where he also obtained a PhD in Physiology in 2004. In 2007 he completed a Clinical Fellowship in Cardiothoracic Transplantation and Ventricular Assist Devices at Papworth Hospital in Cambridge, United Kingdom. He is currently an Associate Professor, Division of Cardiac Surgery, Department of Surgery, with cross appointments in the Departments of Physiology and Biomedical Engineering. He is the Director of Research for the Alberta Transplant Institute.

**Industry Relationships:**

- XVIVO Perfusion

- Maquet
- Sorin
- Medtronic

## Current Research Interests:

- Ex vivo organ perfusion for transplantation
- Heart and lung transplantation
- Ventricular Assist Devices
- Myocardial wound healing and fibrosis
- Stem cell biology
- MicroRNA

## Publications:
