Family Physicians
Your family physician is often your first point of contact for your health, including your mental health and addiction-related needs. Family physicians may have appointments available for urgent needs or offer after-hours care. Call your physician’s office during business hours. During non-business hours call Health Link Alberta (811).

If you are already connected with an addiction or mental health provider, most services will accommodate an urgent appointment.

Addiction & Mental Health
Information & Referral
Through telephone consultation, professionals can help you better understand and get connected to the most helpful supports. They are familiar with both Alberta Health Services and community-based programs in the Calgary area for all ages.
Access Mental Health Phone: 403-943-1500 • 1-844-943-1500 / Hours: Monday – Friday from 8:00 am – 5:00 pm
