## Your 4 Moments for Hand Hygiene

### Healthcare Provider Group compliance

\* N is the number of observations collected in the fiscal year. The review process is overt and transparent. Data were pulled on May 22, 2024, and may not reflect current data from the Clean Hands System.

### Hand Hygiene Excellence Award

Lina Foster won the Central Zone Hand Hygiene Reviewer Star Award. Additional Outstanding Hand Hygiene Awards for 2023/24 were given to Wetaskiwin Hospital & Care Centre, Lacombe Hospital & Care Centre, Rocky Mountain House Health Centre, Rimbey Hospital & Care Centre, and Wainwright Health Centre. Congratulations to the Central Zone for your excellent achievements in hand hygiene!

### Success Story

The Central Zone is launching a change management project to improve the capture of hand hygiene moments 2 and 3. The focus is on enhancing the collection of aseptic procedure observations by site-based reviewers. The project will use Lines Drains Airway reports in Connect Care to identify opportunities for observation. Managers will collaborate to set unit-specific improvement goals, and reviewers will use an approved script to secure patient permission for observations. Four sites have agreed to participate, with data collection starting in the 2024/25 fiscal year. Central Zone ICPs and the hand hygiene program will provide support and education to reviewers and staff, fostering partnerships and creating a comfortable environment for observing moments 2 and 3.
