

My Family Doc is the #SpecialistOfMe

Integration LIVE! Creating meaningful patient engagement and true co-design partnerships

September 29, 2018 – The Primary Care Networks (PCN) Leadership Forum, at the end of September, featured a special breakout session to focus on patient partnerships.

Primary Health Care Integration Network leaders Dr. Brad Bahler, Medical Director, and Julie Schellenberg, Executive Director, interviewed patient advisors D’Arcy and Vicki Duquette and design lab intern Maya Pajevic, along with Jake Jennings, Program Manager of the East Calgary Family Care Clinic. The interviewees shared with PCN leaders how they bring meaningful engagement to life and challenge what true co-design partnerships look like.

Watch this [short video](#) and hear why D’Arcy feels his primary care physician is his **#SpecialistOfMe**
