

2020 Accreditation Canada Surveyor Tracer Activities

REVIEW

At each hospital, Accreditation Canada Surveyors will review patient charts, staff files for evidence of annual training, performance evaluation and other policies and procedures.

ASK and LISTEN

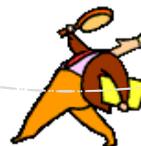

Surveyors will speak with Physicians, patients and their families, nurses and other health professionals.

The survey focuses on the patients' journey through AHS healthcare system.
The Fall 2020 survey will be **UNANNOUNCED.**

OBSERVE

Surveyors will observe procedures, practices and processes related to care of patients as well as health professional interactions (e.g. Information Transfer from unit to unit); and will tour the patient care areas.

RECORD

Surveyors will record what they have read, heard and seen related to the standards at AHS site to prepare a report.
