

Child Care Resource List

This resource list provides early childhood educators with helpful information and materials to learn more about nutrition and physical activity. These resources can be used in child care centres for policy development, menu and program planning, and encouraging healthy eating and physical activity habits for children. Child care professionals and parents can use this information to ensure children have consistent messages and practices around healthy eating and physical activity at home and at child care.

The resources in this list meet the standards set by Alberta Health Services and align with the *Alberta Nutrition Guidelines for Children and Youth* and *Eating Well with Canada's Food Guide*. Physical activity resources align with Alberta Health Services' *Healthy Parents, Healthy Children* and the *Canadian Physical Activity Guidelines*. These resources enable Albertans to make healthy choices and live a healthy lifestyle.

Resources are grouped into these topics:

<u>Foods Served</u>	Page 2
Menu Planning	
Menu Planning – Allergies and Food Safety	
Meal and Snack Ideas	
<u>Healthy Eating Environment</u>	Page 6
Encourage Healthy Eating Habits	
<u>Healthy Eating Program Planning</u>	Page 7
Nutrition Program Planning	
Nutrition Education for Children and Families	
<u>Physical Activity Environment</u>	Page 9
Physical Activity Guidelines	
Physical Activity Ideas for Children	
<u>Additional Links</u>	Page 11
These links offer many useful resources, but may not fully align with the Alberta Nutrition Guidelines for Children and Youth.
