Provincial Education Opportunities

In collaboration with the Provincial Palliative and End-of-Life Care (PEOLC) Operational Dyad Group, the Provincial PEOLC team is excited to announce the launch of Provincial PEOLC Grand Rounds! This was of the original initiatives identified in the [PEOLC Alberta Provincial Framework](#). These presentations will occur quarterly on the second Tuesday of the month from 8:00-9:00 over Zoom. There is no need to register, you can join using the link below.

The inaugural session will occur on **October 18th from 8:00-9:00 with a presentation from Dr. Charlie Chen (MD, MEd, CCFP(PC), FCFP) on “Clinician Wellness: From the Individual to the System”.**

Description: Stemming from a personal journey of healing and ongoing recovery, Dr. Charlie Chen is committed to the cultivation of a culture of wellness for the palliative care community. Let's come together in a process of discovery and walk through the elements - from what the individual can do to what the responsibilities are for an organization or system - that promote resilience and well-being.

Save the Date ACPi-2023- 8th International Conference on Advance Care Planning

The Agency for Integrated Care (AIC) is excited to announce that Singapore will be hosting the 8th **Advance Care Planning International (ACP-i) Conference 2023**, the first international ACP conference in Asia. We would like to **extend an invitation to members of the ACP community** for the conference and seek your help to **forward details of the conference to your contacts**. The conference will bring together over 800 delegates comprising healthcare and social service administrators, clinical practitioners, researchers, academics and policymakers.

About the 8th Advance Care Planning International (ACP-i) Conference 2023

The ACP-i Conference, spearheaded by the ACP-i Society, is held once every two years to bring together an international fraternity of ACP experts to share best practices on ACP. The conference program is carefully curated to elicit fresh views and critique from international thought leaders and practitioners. This conference also creates a platform for leaders and practitioners to network with potential partners.

Date: 24 -27 May 2023

Mode: Hybrid (virtual and physical)

Conference program objectives:

- Showcasing developments in policy, health systems organization and technology that advance the practice of ACP
- Informing on emerging trends, opportunities and challenges that impact the practice of ACP and generate discussion on how our systems and practitioners can respond
- Enabling productive engagements and the sharing of best practices and ideas across countries, sectors, and roles

Details of the conference can also be found on: www.acp-i2023.org

Sign up for our mailing list on our conference website and keep a look-out for upcoming EDMs to not miss any information. If you have any further questions, do feel free to contact us at acp-i2023@icsevents.com.
