## Mobile mammography service to visit Paddle Prairie and Manning

PADDLE PRAIRIE — Alberta Health Services' Screen Test program will be in Paddle Prairie and Manning next month to provide screening mammograms to eligible individuals aged 45 to 74.

A mobile mammography trailer will be at will be at the Paddle Prairie Communiplex on Aug. 14 before moving to the Manning Community Health Centre (600 2 St. NE) on Aug. 15 and 16.

Screening is available at no cost for eligible individuals, but appointments are required. Call 1-800-667-0604 to book an appointment or learn more about the program.

A mammogram is an X-ray of the breast. Screening mammograms are the best way to find breast cancer early when treatment may work better. Getting screened for breast cancer saves lives.

More information about breast cancer screening and who is eligible can be found by visiting [https://screeningforlife.ca/breast/get-screened/#who\\_should\\_get\\_screened](https://screeningforlife.ca/breast/get-screened/#who_should_get_screened).

Visit <https://screeningforlife.ca/breast/screen-test-mobile-clinics/> for more information and a complete listing of communities that the Screen Test mobile visits.

Screen Test is improving access to cancer screening for thousands of individuals in Alberta communities where mammograms are not readily available.

In addition to mobile mammography clinics, screening can also be performed at specific radiology clinics and some hospitals. Individuals aged 45 to 74 can discuss their breast cancer risk with their healthcare providers to determine whether screening is appropriate for them and book with a radiology clinic or with Screen Test mobile mammography. For more information, visit [screeningforlife.ca/where-to-get-screened.ca](https://screeningforlife.ca/where-to-get-screened.ca).

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Our mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans. Our current focus is on reducing emergency department wait times, improving EMS response times, increasing access to surgeries, and improving patient flow.
