

Building a better health system with the voice of our community

Where we are

The Lesser Slave Lake Health Advisory Council serves High Prairie, Lesser Slave Lake and Wabasca and a number of rural and remote communities including Faust, Grouard, Jossard, Kinuso, Red Earth Creek, Peerless Lake and Trout Lake. Our geographic area covers a range of landscapes, industries, and demographics, as well as long-established communities (see map page 2).

Accomplishments

- Supported the need for the new High Prairie Health Complex, bringing services closer to where people live.
- Recommended the need for an EMS ambulance garage in Wabasca.
- Advocated for increased transportation options for those in rural areas and worked with AHS leadership to bring forward these concerns (ongoing).

Our role and objectives

Everything we do is about improving the health and wellness of Albertans, no matter what part of the province they live in. We:

- Are a group of volunteers focused on listening to your thoughts and ideas on health services to help AHS enhance care locally and province wide.
- Develop partnerships between the province's diverse communities and AHS.
- Provide feedback about what is working well within the health care system and suggest areas for improvement.
- Promote opportunities for members of our local communities to get engaged.
