Our role and objectives

Everything we do is about improving the health and wellness of Albertans, no matter what part of the province they live in. We:

- Are a group of volunteers focused on listening to your thoughts and ideas on health services to help AHS enhance care locally and province wide.
- Develop partnerships between the province's diverse communities and AHS.
- Provide feedback about what is working well within the health care system and suggest areas for improvement.
- Promote opportunities for members of our local communities to get engaged.
